CEMP-ET

Technical Letter No. 1110-3-438

15 September 1993

## Engineering and Design INDOOR RADON PREVENTION AND MITIGATION

- 1. <u>Purpose</u>. This letter provides advance criteria to be used for prevention and mitigation in indoor radon in newly constructed buildings.
- 2. <u>Applicability</u>. This letter applies to HQUSACE elements, major subordinate commands, districts, laboratories, and field operating activities (FOA) having military design and construction responsibility.
- 3. <u>Action to be Taken</u>. Pending publication of permanent media guidance, the criteria provided in Appendix A will be used as interim guidance to prevent and mitigate indoor radon in all newly constructed and substantially altered Army facilities. The design requirements set forth in this letter are mandatory.
- 4. Implementation. This letter will have routine application as defined in paragraph 6c, ER 1110-345-100.

FOR THE DIRECTOR OF MILITARY PROGRAMS:

1 APPENDIX
APP A - Indoor Radon
Prevention and Mitigation

PICHARD C. ARMSTRONG, P.E.
Chief, Engineering Division
Directorate of Military Programs
